

# Southern Eagle Squadron

## Southern Eagles Squadron Meeting Minutes September 17, 2015 Leesburg Community Center

The meeting was called to order by President Mickey Murphy at 7:00 PM.

A quorum was met with 20 members present.

- Jerry Rudnitsky gave the Treasurer's Report.
- Membership - Ralph Savino, Membership Chairman reported 169 members with 2 joining at this meeting for a total of 171. Five new members were in attendance and introduced themselves, Richard Meyer, Michael Reich, Frank Mintz, Johnnie Knowles and Brian Carinder. Welcome to the club.
- Field Safety - reports were given by Pratt Carter and Ed Popp. There were no serious incidents. We were reminded once again not to fly over the transfer station. All members must make effort to abide by the flying rules so as not to cause a problem with the county.
- Mowing – Carl Angleberger gave a report on all mower issues from May 28, 2015 through Sept. 17, 2015. Currently equipment is in good repair.
- Old Business – None
- New Business:
  - Discussion on the entrance road. There is a drop off at the intersection with Rolling Acres Road. Motion was made and seconded that the President contact County Road Maintenance to consider having a concrete or asphalt lip added a few feet into the driveway as has been done to all other driveways on Rolling Acres Road.
  - There was discussion about drones. It was suggested that a committee be formed including the two safety officers, the two flight trainers and two drone flyers with input from any other members. A report will be presented at the October meeting with any vote on acceptance being done at the November meeting.
  - A discussion on how to be sure we had a quorum at meetings yielded no solutions.
  - Pratt Carter stated that on September 26 Mike Wargo who represents Precision Aerobatics, Hobby King and Twisted Hobbies has volunteered to come to the field and demonstrate 3D flying along with instruction. He was here recently on a Saturday and impressed everyone. More information will be sent to all the members this week. Watch for it and please attend. As Pratt stated, we would be embarrassed to have a guest come from Orlando on his own time and have very few people there.

The meeting was adjourned at 8:15 pm

The winner of the 50/50 won \$30.00.

Dennis Marsh brought a beautiful P-39 that he built from kits. Powered by a Super Tigre 75, it also has retracts. It has not been flown and Dennis stated it might just look good hanging in the garage.

Respectfully submitted by Norman Paddock, Vice President
